JEFF MASON

Hot Houseplants Inside and Out

Mason House Gardens is an independent garden centre that started 22 years ago. They have a specific interest in unique & hard to find plants. Jeff Mason will show us how to over winter our outdoor tropicals, to recreate a lush tropical look for summer.

*Decorative:- A favourite houseplant (can be transported in a cooler to protect it from the cold)*

Non-members are welcome to attend, so come & join us and share gardening tips over a cup of tea
